DETAILED ACTION

1. Claims 1-30 are pending.
2. Applicant's November 3, 2004 response has been received. It is concluded that the Applicant has no other pertinent prior art that predates the filing date of the present application.

Claim Rejections - 35 USC § 103

3. Claims 1-30 are rejected under 35 U.S.C. 103(a) as being unpatentable over Price.

Applicant is directed to the March 24, 2004 non-final Office Action, paragraph 3, regarding Price, which is incorporated herein.

Applicant's June 24, 2004 and November 3, 2004 REMARKS have been reviewed, but are not convincing. In sum, Applicant's profitability calculations are common knowledge variance for defining total income less total expenses. The account, event and organization attributes, e.g. future losses, direct and indirect expenses, cost of funds, claim limitations have been common knowledge criteria within the business community for a period of time far exceeding Applicant's filing date. To have incorporated such common knowledge in the profitability calculations for Price, as modified by Official Notice, would have been obvious to one of ordinary skill in the art.

4. Applicant's June 24, 2004 Information Disclosure Statement has been reviewed.
Note the attached PTO-1449.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
